

Freedom Fountain

A Special Opportunity for a Caring Community

Honoring those who have served and continue to serve our Country

Join us in celebrating those who by their actions preserve our Freedom. Together we can rebuild the Freedom Fountain to make a statement about the contributions of our community for our freedom.

Phase One is Complete, and Phase Two is focusing on installing military medallions in the arches of the wall as well as continued landscaping and five flag poles to fly the military colors.

Flags & Fountain through an arch prior to the Medallion placements

Please note, donations are tax deductible and donors will receive special recognition for giving at these levels
